

Dr. Carolyn Stefano  
President  
College of Saint Rose  
432 Western Avenue  
Alban, NY 12203

Dear Dr. Stefano,

Citizen Action of Albany, NY is writing to you to support the right of the adjunct teaching faculty at the College of Saint Rose to form a union. Citizen Action strongly supports the right of workers to collectively bargain to improve their wages, benefits and working conditions.

In the United States of America, all workers, including adjunct faculty have the right to organize without harassment, intimidation, or fear of being fired. Citizen Action stands with workers everywhere in defending that right.

Both Citizen Action and the College of Saint Rose have a long tradition of working in the City of Albany. Citizen Action is confident that the administration of the College of Saint Rose will remain uninvolved in the rights of the adjunct teaching faculty's efforts to organize!

Sincerely,

Anita Thayer and Ivette Alfonso
